

33kV CABLE REPLACEMENT FLEET ELECTRICITY SUBSTATION TO CHURCH CROOKHAM PROJECT

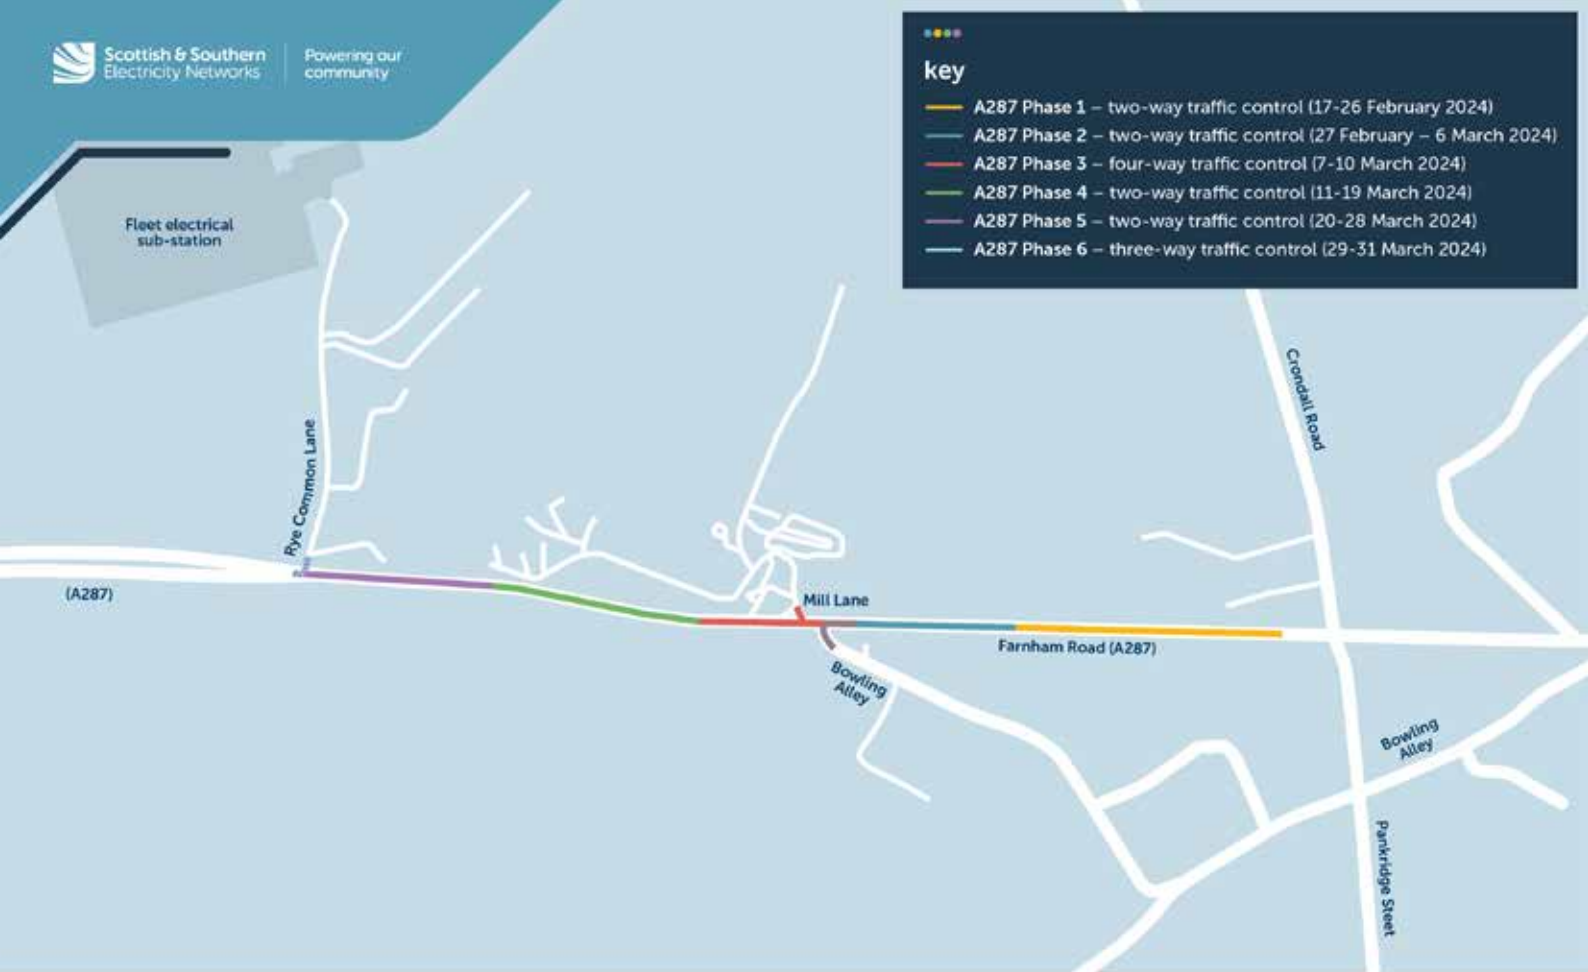

SSEN is working in and around the Fleet electrical substation in Coxmoor Wood (off Rye Common Lane to the north of the A287 Farnham Road, west of Church Crookham) to deliver a reinforcement re-cabling scheme that will provide a modern and more resilient electricity network in the area.

The £5.2m upgrade works will be undertaken on the highways and adjacent farmland on and around both Ewshot Lane and the A287 between 12 January and 17 April 2024. Offline works within the Fleet electricity substation off Rye Common Lane will be undertaken between 18 April – 16 June 2024.

Works on the public highway will progress in phases as shown below and overleaf:

Vehicular diversion and traffic light control signage will be in place for each phase.

KEEPING YOU INFORMED

Join us at a drop in event to meet the project team and ask any questions you may have.

Wednesday 17 January 2024 from **3-7pm** at **Ewshot Village Hall, Tadpole Ln, Ewshot, Farnham GU10 5BX**

OTHER SSEN WORKS IN AREA

SSEN is also undertaking other works in Fleet on Florence Road, Queen's Road and Corringway between 15 January – 29 February 2024, with access being maintained under traffic management. Any questions on the Fleet works should be directed to **Steve Cardinal on 0776 785 1518**.

Please note that the delivery programme is subject to change due to site conditions or adverse weather conditions.
