17 January 2025

Dear Parent/Carers,

As promised, I am writing to update you regarding our uniform focus this week. I appreciate that the volume of e-mails relating to uniform and equipment have increased, but I also hope that it has helped support conversations that you may have had regarding our uniform expectations.

There has been a significant improvement in both what uniform is being worn and how it is being worn here at school. We will be continuing with the focus again next week in both tutor time and lessons.

In case you were not aware, we also offer the opportunity to purchase some equipment items via Scopay. These are:

- Maths pack - pencil case, glue stick, black and red pens, pencil, rubber, ruler, maths kit (which includes compass and protractor) - £3
- Calculator - Casio FX38 (highly recommended calculator) - £9.17
- Maths pack (as above) including a calculator - £12.17

From Monday 20 January 2025, any excess jewellery worn by students will be confiscated and handed in at HQ. On the first and second occasions, students will be able to collect it at the end of that day from HQ. Further occasions will require parents/carers to collect the items from school. Click [here](#) to see uniform expectations on the website.

The hope with the current focus is to further develop a sense of pride that should be felt by being a member of Calthorpe Park School. That starts with buying into our expectations, becoming a positive role model and leading by example.

Thank you for your continued support with uniform and equipment, it is much appreciated.

Kind regards,

Mr O Borkowski
Deputy Headteacher
