5th May 2023

Dear Year 9 Parents & Carers,

PLANNING FOR GCSE ENGLISH IN YEAR 10 ORGANISATION OF ENGLISH RESOURCES

We would like Year 9 students to prepare for Year 10 by ensuring that they are well organised for the start of Year 10. Having good systems in place is important and helps students achieve successful outcomes at GCSE. In GCSE English Literature and GCSE English Language students will cover a wide range of topics over the two years - there are nine components in all. Students will need to keep all their resources, essays, assessments and revision materials in good order, so that they can find work easily for revision and not lose any materials.

Therefore, we would like students to purchase the following items **by Friday 16th June**:

- One lever arch folder (these are needed because of the amount of material students will acquire).
- One set of dividers (with 10 sections).
- Punched pockets.
- A hole punch (optional but it would be useful to have one at home)

Part of students' work towards the end of term will be to organise their folders by adding appropriate headings to the dividers' contents page and adding relevant Year 9 work to the folder. Students will be asked to bring their folders to school at some point early in Year 10 so that folders can be checked by teachers.

Students who qualify for assistance under the Pupil Premium Scheme will be provided with the items detailed above at no cost. To discuss any financial difficulties or enquire about the Pupil Premium scheme, please contact Finance@cps.hants.sch.uk.

For any queries about the Pupil Premium Scheme or if you wish to enquire about financial assistance for other reasons, please contact Finance@cps.hants.sch.uk.

Yours sincerely

MRS A WALLIS
Assistant Head of English
